SUMMARY

Front-End Developer With 1+ Years Of Experience In Building And Maintaining Responsive, User-Friendly Web Applications. Proven Ability To Work With HTML, CSS, JavaScript, And React. Seeking A Challenging Position In A Fast-Paced Environment Where I Can Use My Skills To Create Innovative And Engaging Web Experiences.

ABOUT

I Have Worked At Axess Technology For 1+ Years As A Front-End Developer. I Have Also Completed Some Freelancing Projects, And My Project's UI Views Are Decent-Looking With Decent Styles.

SKILLS

- Developed and maintained responsive web applications using modern front-end technologies such as HTML5, CSS3, and JavaScript.
- Experience with front-end frameworks like Bootstrap 5.2 and JQuery.
- Effective problem-solving abilities and a passion for creating innovative solutions.
- Experience with front-end library like React.
- Strong understanding of software development principles and best practices.
- Skilled freelance front-end developer with expertise in creating responsive and visually appealing web interfaces.
